2025/36 10/11/2025	Email	Our inquiry specifically concerns the logistics and funding associated with a recent woodwork class established for impoverished children in the xxxx, which received financial backing from the PCC's budget—ultimately derived from taxpayer funds. We seek documentation and justification concerning the transportation arrangements whereby individuals, residing at the xxxx in xxxx (xxxx Division), were ferried to this class, despite the hotel being situated outside the xxxx target demographic area. Specifically, this FOI requests clarification on two critical points of operational and financial accountability: Firstly, the rationale and authorization for deeming it appropriate that police resources, or funds administered through the PCC's office, be utilized to facilitate the movement of individuals housed in Home Office accommodation—particularly given public concerns regarding the status and definition of "illegal immigrants" being beneficiaries of locally directed taxpayer grants. Secondly, we request full disclosure detailing who within the Lancashire Constabulary or the PCC's administrative structure specifically approved the reallocation of resources (financial or logistical) necessary to establish and maintain this bespoke transport route from the xxxx to the woodwork facility, thereby ensuring transparency regarding the chain of command responsible for this expenditure. In a further email of the same date, you wrote: In a correction; the funding is actually through lanpac, and the initial pilot was funded by The PCC's office.	08/12/2025 I can confirm that the Office of the Police & Crime Commissioner (OPCC) for Lancashire does not hold the information you have requested. The OPCC funded a project in the xxxx for xxxx in 2024, and on review of the Application Form and Evaluation Form, I can confirm the xxxx was not referenced as a partner, and there were no referrals to the project associated with the xxxx. Logistics around who is referred into the scheme sits with the Applicant and partners engaged with the project. As the OPCC has not received a request for a reallocation of these funds from the xxxx, we do not hold this information. For information, LANPAC is registered as a charity and charities are not subject to the FOI Act. To assist, Blackpool Council may be able to help you further with this request. Therefore, please re-direct your request to FOI@blackpool.gov.uk
